SPACETIME

SpaceTime is a user-generated and streaming platform, developed by a team of creative designers working towards community innovation.

THE MISSION

Spacetime is an alternative entertainment platform that represent four of the core freedoms that defines humanity: Freedom of Information, Freedom of Opportunity, Freedom to Unite, and Freedom of Expression. We believe that everyone deserves to have a voice and that the world moves forward when we listen and build as a community. Our mission is to give everyone a voice and to show them, not only the world, but the universe because space is infinite.
